

Girls of Our Town | Nomination Form

Girls of Our Town is a tribute to the women who contributed to the history of Lakes Entrance.

Some were born in here; some came later in life. They raised families, ran businesses and participated in community affairs in a variety of ways.

Lakes Entrance Historical Society has established a register of Girls of Our Town. This is an ongoing project and we welcome further nominations from Lakes Entrance ladies - past and present. This will ensure that these stories are not forgotten.
